

Purina® RepleniMash™ Product

WITH

OUTLAST®

**GASTRIC SUPPORT
SUPPLEMENT**

PALATABLE MASH TO NOURISH YOUR HORSE AND THEIR DIGESTIVE SYSTEM

CONTAINS OUTLAST® TECHNOLOGY

A unique and exclusive seaweed-derived calcium to support gastric health and proper pH.

SUPPORTS RECOVERY

Formulated to replenish the electrolytes sodium (Na), potassium (K), and chloride (Cl) lost through 30 minutes of continuous sweating.

PROMOTES HYDRATION

Contains added beet pulp to increase the water holding capacity and promote proper hydration.

INTESTINAL CELL HEALTH

Supports optimal VFA (volatile fatty acid) production, including butyrate, for healthy intestinal cells based on research conducted in a unique simulated equine hindgut model.

FLAXSEED FOR A SHINY COAT

Contains stabilized ground flaxseed to support a shiny coat and provide omega-3 fatty acids.

FORMULATED WITHOUT

Formulated without corn, alfalfa, oats, and soy protein.

HYDRATION • RECOVERY • COMFORT

Purina® RepleniMash™ Product is nutritionally balanced and made with wholesome ingredients your horse is accustomed to, plus a whole lot more. With Outlast® Gastric Support Supplement and a science-backed serving of electrolytes built-in, this tasty mash can help your performance horse feel his best or simply let your friend know you care.

FEED GREATNESS®

Purina® RepleniMash™ Product

Enlarged to show detail.

WHEN TO FEED REPLENIMASH™ PRODUCT

After a hard workout

While traveling

To encourage your horse to eat or drink

To help disguise the taste of less palatable supplements & medications when fed together

Anytime you want to treat your horse & show you care

FEEDING DIRECTIONS

- Feed 1 – 2 lbs (0.1 – 0.2 lbs per 100 lbs body weight) per day for all life stages of horses, or as needed depending on desired level of support.
- This supplement is designed to be fed in addition to a concentrate feed or ration balancer to meet daily nutrient requirements.
- If feeding as the sole concentrate: use 0.3 lbs of Purina® RepleniMash™ product per 100 lbs body weight per day, along with 1.2 lbs per 100 lbs body weight per day in hay or pasture.

Mixing Instructions

Mix 16 oz of water per pound of mash and serve to your horse after soaking.

1 lb of mash is equivalent to 3.5 dry 8 oz. measuring cups.

One pound of RepleniMash™ product contains a full serving of Outlast® Supplement.
